

# 2-Speed Clipper

VetOne understands what you need in a clipper. We've designed the powerful, quiet, lightweight 2-Speed Clipper (high speed, 3500 SPM; low speed, 3000 SPM) with all the features that are important to you, like a 16' power cord. It's also impact and chemical resistant, fan cooled, and economical because the sealed motor requires no maintenance or repair parts. This clipper will cut even the toughest coat. Comes with the VetOne #40 (1/100" / 0.25 mm cut) detachable blade set, a premium-quality, precision-ground high-carbon steel blade that has long-lasting durability and will stay sharper longer. One-year warranty.

**Kit Includes:**

- 2-Speed Clipper
- #40 Detachable Blade Set
- Cleaning Brush
- Lubricating Oil
- English/Spanish Operating Manual
