

Euthanasia Solution

A non-sterile solution containing two active ingredients, pentobarbital sodium and phenytoin sodium, for humane, painless and rapid euthanasia in dogs. Rhodamine B, a bluish-red fluorescent dye, is included in the formulation to help distinguish it from parenteral drugs intended for therapeutic use.

Each mL contains: 390 mg pentobarbital sodium (barbituric acid derivative), 50 mg phenytoin sodium

Inactive ingredients: 10% ethyl alcohol, 18% propylene glycol, 0.003688 mg rhodamine B, 2% benzyl alcohol (preservative), purified water q.s. Sodium hydroxide and/or hydrochloric acid may be added to adjust pH.
