DENTINARY™ FRESH™ WATER ADDITIVE

VetOne

Water Additive with Chlorhexidine and Mint Oil

Just Add to Pet's Water

100% GUARANTEED

For use in dogs and cats.

Dentinary™ Fresh™ is a tasty, easy way to reduce bad breath in dogs and cats. It is a unique blend of chlorhexidine, peppermint and spearmint oil and yucca combined with stabilized chlorine dioxide that helps freshen breath and make pets more pleasant to be around. It does not contain alcohol or sweeteners.

Suggested Use: Shake well before use. Add one (1) capful to every 8 ounces of drinking water. Allow 2-4 days for results.

Ingredients: Chlorhexidine Digluconate (0.024% min.), Stabilized Chlorine Dioxide, Water, Glycerin, Sorbitol, Peppermint Oil, Spearmint Leaf Oil, Yucca Schidigera Leaf Extract, Polysorbate 20, Sodium Benzoate, Blue 1, Yellow 5.

Caution: Dentinary Fresh should be used only as directed. Overuse will not provide faster or better results. This product is not a substitute for regular gum and teeth care. Always consult your veterinarian to ensure proper oral care of your dogs and cats.

Warnings: For animal use only. Do not use on pregnant animals. If oral irritation or diarrhea occurs, discontinue use and consult your veterinarian.

Do not use product if it appears to be tampered with. Keep product in a cool, dry place. Avoid temperatures above 86° F. Keep out of reach of children and pets. In case of accidental overdose, contact a health care professional.
