

# KONG Blue Chew Toys

KONG Blue is produced with newly formulated radiopaque rubber that offers a unique combination of tensile strength, superior elongation and puncture resistance. KONG toys are uniquely shaped and extraordinarily durable. Their unpredictable bounce lures most dogs into an ongoing game of chase, catch and chew. They can be filled with food or treats (such as VetOne Dentinary™ Bars or VetOne Rewards™) to keep dogs busy for hours and help relieve separation anxiety.

MWI#	DESCRIPTION	SIZE	UNIT
601016	KONG Blue	Medium (for dogs 15-35 lb)	Tray of 3
602016	KONG Blue	Large (for dogs 30-65 lb)	Tray of 3
