

Pet Memorial Boxes

These elegant and timeless keepsake boxes are designed to hold cremation remains or keepsakes, such as a portion of the remains, a lock of fur, and tags in loving memory of a lost pet. They are made of seasoned linden wood from the Tatra Mountain region of Poland. The skilled artisans of this region employ centuries-old traditions and meticulous handcraftsmanship to create a finished product of uncompromising quality. The use of feathered corner joints and raised interior lining ensures the box's enduring value as a lasting keepsake. These boxes are entirely decorated by hand using various combinations of carving, burning and staining techniques. The VetOne Pet Memorial Box is a dignified product of the highest quality and value to be included in every full-service small animal veterinary clinic.
