

# Sterile Saline

## Solution

For use in replacement therapy of sodium, chloride and water which may become depleted in many diseases in cattle, swine, sheep, goats, horses, dogs and cats. . Because this solution is isotonic with body fluids, it may also be used as a solvent or diluent for antibiotics and other pharmaceuticals and biologicals where compatible, and for washing mucous membranes and other tissue surfaces. Each 100 mL contains 0.9 gram of sodium chloride. The 1000mL and 500mL sizes are packaged in a hard plastic bottle that has a fold-flat integrated hook for hanging. Prescription.
