

# Walk-on Scale

(mat sold separately)

For weighing small to large animals, you cannot beat the quality and consistency of the VetOne Walk-On Scale. Its 43" by 20" platform is large enough for llamas and alpacas, yet accurate enough for smaller breeds of dogs, such as Yorkies or Chihuahuas.

- 550 lb. (250 kg) x 0.2 lb. (0.09 kg) capacity; displays in either LB or KG
- Stainless steel base is easily cleaned
- Remote indicator's 1" tall LCD digits are easily viewed from a distance
- Wall mounting bracket is included for permanently positioning the indicator
- Both the power cord and the indicator cord are 6' long for flexibility in positioning the unit
- 100% tare function permits weighing an animal being held or inside a carrier
- Hold function compensates for movement on the platform to capture the exact weight of animal
- Four 2.5" adjustable rubber feet ensure platform stability
- Removable rubber mat (optional) provides extra grip for the animal and is easily cleaned
- Unit operates on either AC power or 6 AA batteries
- One-year warranty
