

Canine Spay Pack

These quality surgical hand instruments are made of the highest grade steel. They are manufactured in Germany and finished in Europe. VetOne Spay Packs offer four Halsted Mosquito Forceps rather than the typical offering of two in other spay kits. An attractive and functional stainless steel sterilization storage cassette completes the Spay Pack. It is made in Germany, and comes with a silicon mat. All instruments in the pack are also available individually from MWI.

- Sterilization Cassette and Mat
- German Stainless Steel
- Matte Finish
- Four Halsted Mosquito Forceps
